EDUCATION   Anticipated May 2023

West Chester University, West Chester, PA
Bachelor of Science in Computer Science
Certificate in Computer Security
- GPA: 3.26/4.0

PROJECTS

Fishing Log Application
- Used Java Swing and MySQL to develop an application where users can log their catches.
- Users log their catches into a crowdsourcing database where they can access the information for their next fishing trip.
- https://github.com/brdxn/fishingLog

Developed a portfolio website
- Developed using Node.js, React.js, and Bootstrap, JSX, CSS, and HTML.
- A simple portfolio website that uses routing from React.js.
- https://brdxn.github.io/

WORK EXPERIENCE

Server   March 2021 – May 2022
Cheesecake Factory, King of Prussia, PA
- Used excellent customer service, communication, and group member skills.
- Managed a 5-table section.
- Processed payments and aimed for at least $1200 in sales per a shift.
- Did my due diligence at the end of each shift to prep for upcoming shifts and setting those team members up for success.
- Trained new employees and showed them their responsibilities and how to deal with these responsibilities in the proper way.

SKILLS
- Java (Spring, Springboot, JavaFX, Android/Kotlin)
- JavaScript (Node.js, React.js, Express.js)
- SQL (SQL: MySQL, Postgres, PL/SQL, TSQL; NoSQL: Redis)
- C Programming
- HTML, CSS, Bootstrap
